

Come to the 2016 Python Challenge™ Invasive Species Awareness Festival

**Saturday, January 16, 10 a.m.-4 p.m.
Florida International University, Modesto Maidique Campus
11200 SW 8th Street, Miami, FL 33199**

**A one-of-a-kind, free family-friendly event
you can experience only in beautiful south Florida!**

- Learn about the threats of invasive fish and wildlife from experts, and how you can help prevent them
- See demonstrations on safe capture of live Burmese pythons
- Register for the Python Removal Competition, get tips on finding pythons in the Everglades
- Dine on invasive species like lionfish, green iguana and snakehead fish
- Learn to identify native snakes and nonnative species such as tegus
- Check out interesting invasive species educational and vendor booths
- See an FWC Law Enforcement airboat and ATV on display
- Experience the Exotic Pet Amnesty trailer and learn how to be a responsible pet owner
- Learn to safely fillet a lionfish and avoid its venomous spines
- Win raffle prizes
- Keep kids happy with face painting and craft activities
